This is really one of the sweetest properties I have seen. You can simply move in and do nothing or work to enhance the lovely features already here. Buyers looking for a place to start out or a home they can enjoy for years to come should check this one out. Investors will appreciate the fantastic location of this home and all buyers will see the advantages in the block – land bank for the future.

The home is perfectly positioned in this popular elevated and quiet street. The Redcliffe Hospital, shops, public transport, schools and even the Redcliffe CBD and waterfront are all located nearby.

My sellers are sad to sell this one but the time has come for new projects. Instructions are clear to present all serious offers.
